

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF QUEST COMMUNICATIONS)	
CORPORATION FOR THE ISSUANCE OF A)	
CERTIFICATE OF PUBLIC CONVENIENCE)	
AND NECESSITY TO OPERATE AS A)	CASE NO. 91-424
RESELLER OF TELECOMMUNICATIONS)	
SERVICES WITHIN THE COMMONWEALTH)	
OF KENTUCKY)	

O R D E R

IT IS ORDERED that Quest Communications Corporation ("Quest") shall file the original and ten copies of the following information with the Commission. The information requested shall be placed in a bound volume with each item tabbed.

The information requested herein is due no later than 30 days from the date of this Order. If the information cannot be provided by this date, Quest shall submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it can be furnished. Such motion will be considered by the Commission.

1. Describe the customers to whom Quest intends to provide service and the types of equipment to be located on that customer's premises.

2. Does Quest intend to provide or be associated in any way with the provision of pay telephone service in Kentucky? If yes, explain in detail.

For each of the following questions, refer to the proposed revised tariff received by the Commission on February 28, 1992:

3. Refer to Original Sheet No. 6, Call Processing System (CPS). Give specific information describing the equipment used in the Call Processing System. Is this equipment in any way associated with a pay telephone?

4. Refer to Original Sheet No. 10, Section 2.6, Automated Collect. Identify the equipment used, and its location, to provide an Automated Collect call. Is this equipment in any way associated with a pay telephone?

5. Refer to Original Sheet No. 13, Section 2.15. In addition to the access dial-ups listed, include that 700 access dial-ups will not be blocked.

6. Refer to Original Sheet No. 13, Section 2.16. It is stated that only calls preceded by a dialed "0" can be processed by Quest's equipment. Under current Commission regulations, all "0-" calls shall be directed to the local exchange carrier's operator. Furthermore, all "0+" intraLATA calls placed from a pay telephone shall be carried by the local exchange carrier. Provide a revised tariff sheet clarifying these restrictions.

7. Refer to Original Sheet No. 14, Section 3.1, Type of Services. It is unclear when Quest intends to use mechanical or live operator assistance. Provide a revised tariff sheet clarifying this issue.

Done at Frankfort, Kentucky, this 23rd day of March, 1992.

PUBLIC SERVICE COMMISSION
